Dear Supervisors:

**APPROVE THE ACCEPTANCE OF GRANT FUNDS FROM THE
FEDERAL EMERGENCY MANAGEMENT AGENCY AND
UNITED STATES DEPARTMENT OF HOMELAND SECURITY
FISCAL YEAR 2010 ASSISTANCE TO FIREFIGHTERS GRANT; AND, APPROVE AN
APPROPRIATION ADJUSTMENT RECOGNIZING GRANT FUNDING
(ALL DISTRICTS) (4 VOTES)**

SUBJECT

The Consolidated Fire Protection District of Los Angeles County (District) is requesting approval to accept \$660,000 in grant funding from the Federal Emergency Management Agency (FEMA) and United States Department of Homeland Security (DHS) Fiscal Year 2010 (FY 10) Assistance to Firefighters Grant (AFG) (Grant Number EMW-2010-FO-06505); and, approval of the appropriation adjustment recognizing the grant funding.

IT IS RECOMMENDED THAT YOUR BOARD ACTING AS THE GOVERNING BODY OF THE CONSOLIDATED FIRE PROTECTION DISTRICT OF LOS ANGELES COUNTY:

1. Accept \$660,000 in grant funding, from the FY 10 AFG (Grant Number EMW-2010-FO-06505) (Attachment A). The grant will provide funding for the District to implement the following training programs: a) L-381 Fire Service Leadership (FSL); b) Apparatus Operator 1C (AO1C); and c) Pediatric Advanced Life Support (PALS). The approved project costs total \$825,000, of which the federal share/grant award is 80 percent (\$660,000). This grant requires a 20 percent District match of \$165,000 which will be provided through the District's Budget.
2. Delegate authority to the Fire Chief, or his designee, to execute all grant agreements, future amendments, modifications, extensions, and augmentations, as required by the FEMA and United States DHS that are associated with the administration and management of this grant.

3. Approve the attached Appropriation Adjustment (Attachment B), recognizing \$660,000 in grant funding, for Fiscal Year 2010-11 in the District's Executive Budget Units Services and Supplies appropriation in the amount of \$190,000, Capital Assets - Equipment appropriation in the amount of \$40,000, and Salaries and Employee Benefits appropriation in the amount of \$430,000.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

The purpose of the AFG program is to award one-year grants directly to fire departments and nonaffiliated EMS organizations to enhance their capabilities with respect to fire and fire-related hazards. This grant builds upon capabilities developed with funding awarded to the District through the AFG program in 2009 for hazardous materials command-level training for battalion chiefs; and in 2008 by expanding the existing driver/operator cadre and supporting the purchase of driver evaluation systems designed to improve driver performance.

Approval of the recommendations now before your Board will allow the District to implement the L-381 FSL, AO1C, and PALS training programs. The appropriation adjustment will provide adequate funding to address the expenditures noted below:

- Services and Supplies \$190,000
- Capital Assets – Equipment \$40,000
Pediatric Manikins (Patient Simulators)
- Salaries and Employee Benefits \$430,000

The District continually seeks to improve fire service leadership, in the area of incident management and command skills through leadership development training for battalion chiefs. The California Emergency Management Agency Fire Marshall certified L-381 FSL training program provides an opportunity to apply leadership concepts to all-hazards incidents by exercising command and control during simulated emergency incident scenarios. This course highlights the importance of building and maintaining effective response cultures and attitudes within the organization; promotes leadership development efforts within the ranks; and assists in building cohesion, adaptability, and resilience.

Through the partnership of the AFG Program, the District has been afforded the opportunity to enhance its Driver Training Program by offering AO1C – Aerial Truck Driver/Operator training to personnel at the level of fire fighter specialist and to prospective driver/operator candidates. The objective of AO1C is to provide students with information on driver responsibilities, recognized standards, and related laws for tiller and straight-bodied aerial fire apparatus; information and techniques on basic inspections, documentation, maintenance, and trouble-shooting aerial fire apparatus; information and techniques on driving and positioning aerial fire apparatus; and the opportunity to increase operator driving skills during simulated driving conditions.

The PALS training program will be delivered to all District firefighters certified as Emergency Medical Technicians and/or Paramedics via battalion continuing education courses and through the American Heart Association PALS Course for Paramedics. Pediatric human patient simulators will be utilized by department nurse educators to verify pediatric skill competency in assessment, airway management, and early identification of shock. PALS is a nationally accredited course recognized by the American Academy of Pediatrics, National EMT Accreditation, National Paramedic

Accreditation, and is a recognized standard of care for pediatric management of the sick and injured.

Implementation of Strategic Plan Goals

Approval of the recommended actions are consistent with the County's Strategic Plan Goal Number 1, Operational Effectiveness, through disaster training and emergency preparedness and response efforts; and, Goal Number 5, Public Safety, by maintaining and ensuring the highest level of safety and security standards for the residents of Los Angeles County by providing first responders with critical training to enhance their response capabilities.

FISCAL IMPACT/FINANCING

With your Board's approval of the attached Appropriation Adjustment, sufficient funding will be available in the District's Executive Budget Unit's Services and Supplies appropriation in the amount of \$190,000, Capital Assets – Equipment appropriation in the amount of \$40,000, and Salaries and Employee Benefits appropriation in the amount of \$430,000 to address the projected appropriation needs this fiscal year.

Grant recipients must provide 20 percent of the direct and indirect costs of all activities covered under the FY 10 AFG Program. The District's Executive Budget Unit has sufficient funding in the amount of \$165,000 to meet this 20 percent cost share requirement.

Maintenance costs incurred to support ongoing L-381 FSL, AO1C, and PALS training needs outside of the FY 10 AFG award will be funded within the District's existing budget. There is no impact on net County cost.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

The FEMA and United States DHS have provided the District with guidelines for the administration of the grant agreement. These guidelines detail the activities and expenditures that are allowable for reimbursement.

The performance period for the FY 10 AFG is January 22, 2011 through January 21, 2012.
